

If You Want a Light Town Vote For Bylaw Friday Nov. 29th

Bassano is Being Deprived of Cheap Coal

Standard Coal Can be Had For Around \$5.00 Per Ton While Local People Pay \$6.50 and \$7.00

Agitation Should be Started For Immediate Opening of Branch Line

With abundance of fine domestic coal almost at sight that has for some time been sold at around \$4.50 and \$5.00 per ton, the townspeople are condemned to pay around \$6.50 to \$7.00 per ton for their heating coal.

Why? Because the standard branch line has not yet been opened.

According to R. H. Wheldon, manager of the Union bank at Standard who was in Bassano this week, there is one of the finest sources of domestic coal being developed within the town limits of Standard which is being delivered right to consumers' doors for \$4.00 per ton.

Standard is only 55 miles away on the branch line completed over a month ago by the C. P. R. and the cost of handling this and bringing to Bassano could not increase its cost more than \$1.50 or \$2.00 per ton. Consequently Bassano is in the enviable position of being able to procure a cheaper grade of good coal than any town in Alberta.

Those sacks of dollars will be saved to

the people of Bassano if they can band together and bring pressure to bear on the C. P. R. to run a few freight cars over the branch line. So far as can be discovered no freight train has yet been run from the Bassano end. A work train is constantly adding up and down the line. Here is a suggestion. Why not make the work train revenue producing and haul it a few cars of coal from Standard?

The owner of the Standard mine would have no difficulty in finding orders if they could deliver around this price.

Recovering rapidly from a fracture of the leg which has confined him to bed for a week or more, R. H. Wheldon, will leave next week on an extended vacation to his home in England, accompanied by R. H. Travis. They intend sailing from Portland, Maine on the liner, Teutonic, and will be away several months.

MUNICIPAL MEETING WAS ATTENDED--IN FORCE

Urged Need of Immediate Fire Protection, and Requested White City Program

No Criticism of Retiring Council

Refraining of License Fees Cases, Passage of Arms Between Mayor and Candidate Dr. Nagry

Discussing many civic subjects with such a slight rubbing of the outgoing Council that it was noticeable, an enthusiastic crowd of about fifty citizens gathered in the new Council chamber Monday evening on the occasion of the annual meeting when the Abstract of Receipts and Expenditures for the Town was formally presented.

Although many things came under the probe, only two resolutions of suggestion were passed.

These were that the Council take active and immediate steps to provide better fire-fighting apparatus and that the abstract of receipts and expenditures be amended to include an item showing that the debtors arranged by the town were not yet paid. This was a technically valid motion which was generally thought would make a better showing for the town.

Members of the Council present were: (Continued on page 5)

BOARD OF TRADE HAS ENTHUSIASTIC MEETING

Action Taken to Prevent Wildcatting of Certain Bassano Individuals

Many New Members Enrolled

Travellers Appointed For Gift Industrial Tracts Proposed Town Mayor Whiting and Canadian Development Co.

At the Board of Trade meeting called to accept the dedication of Southern W. A. Hotwell, foundations were laid for an active propaganda in the coming year. A dozen new members were added, a committee appointed to hunt up others, while trustees were appointed to take care of 50 acres granted the Town for industries by the Canadian Development Co. and Mayor E. Whiting.

In addition more sub-committee talk was arranged by determination of Coun. W. A. V. James to write Toronto Globe and Winnipeg Free Press, respecting alleged charges of wildcatting of a Calgary man named Kitch, who is selling Bassano, Hightley and a resolution approved to draw Kitch's attention to the fact that he is misrepresenting the town and threatening its future if he does not do so.

Coun. James introduced the subject of subdivisions by reading a lengthy letter he wrote the Globe and Free Press advising them to investigate western properties (Continued on page 4)

Extensive Mixed Farming Project Started Here

A. C. Weaver and Associates Pay \$150,000 For Land Which They Intend to Devote Exclusively to Mixed Farming "It Pays" Says Mr. Weaver

A \$120,000 deal for 10,000 acres of land has been closed at Bassano, A. C. Weaver and his associates from the States, taking over this huge tract for the purpose of getting into mixed farming extensively.

The land is 25 miles due north, immediately on conclusion of deal the syndicate has meant to let no grass grow underneath in carrying out their ideas purchased from the town of Calgary 200 head of 27 old beefers and shipment of them was made this week.

"This is the foundation of a herd," declared Mr. Weaver this week to the News, "to which will shortly be added thoroughbred registered shorthorn cattle. Early in the spring we expect to add further stock."

"We intend to go in for mixed farming exclusively. The land is of the best and we are going to ship in besides the cattle hogs and horses. We shall breed nothing but the best. Early in spring we shall put on a large gang of springing and buildings."

Messrs. H. C. Taylor and D. C. Brady, members of the syndicate, were in town looking over the land, and they declared it was anything but a waste in towns and Illinois. They expressed their surprise as surprised at the growth and size of trees fed only on native grass, and in some places are very enthusiastic about their proposition.

The annual meeting of the syndicate will be held at Des Moines in January when organization will be completed. The property purchased is fine for the purpose, and includes Duck Lake, a 1,000 acre sheet of water.

SCHOOL CONCERT IS BEST EVER HELD

Large Audience Applauds Clever Children R. W. Riley M.P.P. Present

School Trustees Have Banquet

Bassano School Described as One of Best in Province

Under showers of compliments from Harold W. Riley, M. P. P. for Groulx, Inspector F. G. McNally, of Calgary, and rounded applause from an audience that crowded the Presbyterian church, the Bassano school children gave a splendid entertainment on Friday night last. It was a triumph for the teachers who

arranged the entertainment on short notice, and it showed the latent talent of the children to the full.

There was little wonder the building was filled and that crowds had to be turned away for lack of accommodations. Every item on a long and varied programme was followed with keen interest, and at the interval Mr. Riley was moved to say some pretty things about the manner in which the children entertained, and the training it showed at the back of it. He said some pretty things about the school to complementing the trustees upon having one of the finest and best equipped schools in the Province for a town of the size of Bassano. He commented upon the progress of the place and the way in which the Trustees kept pace with it.

Inspector McNally also expressed his keen appreciation of the programme at a later stage, declaring it reflected great credit upon the teachers. He was also pleased that the accommodation for (Continued on page 5)

Clinical Thermometers.

Everyone who is taking care of the sick should have an accurate Clinical Thermometer for observing the temperature of their patient, for they can detect at once any change of condition and can often give the attending physician valuable information regarding their condition during his absence.

We have received a shipment of high class thermometers direct from the largest manufacturers in America. Each of these bears my name, and is fully guaranteed by the makers and myself.

PRICES, \$1.00, \$1.25 and \$1.50.

Never More Confident Of Town's Future

—W. A. ROTHWELL

In Retiring Publicity Commissioner Declares He Will Still Work Actively in Interests of Town-Forecasts Bright Future

"I have never had greater faith in the future of Bassano than I have at the present time," declared Publicity Commissioner W. A. Rothwell in retiring his resignation. The 36-year-old man was speaking at the annual meeting of the Bassano Club Rooms, Tuesday night when he gave his remarks. "That it is impossible for me to devote as much time as I believe necessary for a secretary of the Board in the best interests of Bassano," "However," he added, "I shall always have the interests of Bassano at heart, and in Calgary shall continue to do my best for the town. I am not severing my connection with Bassano."

The News makes a specialty of fine job printing and has one of the best equipped offices in the province for this class of work.

A POLICY OF PROGRESS

On the eve of a municipal fight Bassano faces one of the most critical years of its existence. A time when there was never more need for a man of Progress at the Head of its affairs. It will need a strong man to tide it successfully over the storm which is in the air. It is the man of the north and west, until it has the new roads appearing, entering bringing it more trade than ever. To keep business prosperous bridges have to be procured north and south, wholesale houses, and industries have to be attracted, while influences should be brought to bear on the C. P. R. to more rapidly settle its lands immediately north. To accomplish this a man of Progress is needed. Who will be the next Mayor? Is a matter of great speculation owing to the three contenders. It is up to the citizens to select a man of Progress. To accomplish this policy of progress, discover its real representative, and give them on the Council.

Comment.

The Board of Trade is re-elected. The welcome impetus of the Tuesday night meeting was, reasonable, and with a dozen new members, a policy of progress of preparation, and a live executive out after new business, and prospects for accomplishing something through the medium of the Board are very bright.

A warning that the weapon of publicity will be wielded, without mercy if unscrupulous advertising of horizon subdivisions is not stopped, has given pause to the people who are offering "offing" property around Bassano. We have a good town here, but it is being Kleinized to death.

MORE SCHOOL PROVISION NEEDED

With over 150 pupils on the register, provision has been made in the extension of the teacher and the opening of another room in the school. Some of the teachers are already almost overwhelmed and then, thousands of new children are coming to the school. With all this to the school board has arranged to convert one of the basement playrooms in the schoolhouse, and it is possible that after Christmas vacation this will be put into commission and another teacher engaged, making a staff of five.

NEW TENDERS FOR PUMPS

With the engineers complaining that the original tenders for construction of first casing and pump building and pumping shaft too high, Council have decided to call for tenders for this work, and local contractors will be given every facility to put in their tenders.

Every effort is being made by the John Galt people to rush these constructions. It is hoped that they are anxious to make an early start.

The only tenders for construction of first casing and pumping shaft were from Frank Bond of Smithville. At \$2750 and \$3200 they were considered high, and new tenders are being called.

Tenders for steamboilers, pumps and boilers were also opened but there were hand-drawn by the engineers to report on how a decision was made.

E. L. Miller who was present at the meeting declared the report would be in by the regular meeting of Council.

CURLERS ARE ORGANIZED

If there is one thing that the water district is doing to the benefit of the district, it is the curling. It is a district which is doing a great deal of work to the benefit of the district. It is a district which is doing a great deal of work to the benefit of the district. It is a district which is doing a great deal of work to the benefit of the district.

It is a district which is doing a great deal of work to the benefit of the district. It is a district which is doing a great deal of work to the benefit of the district. It is a district which is doing a great deal of work to the benefit of the district.

ing of Dr. Shaw, G. W. Lloyd, and W. A. W. Hanes was appointed to investigate suitable sites, and canvas the town.

A WHISKER IDYLL

Inspired, after genuine and anxious contemplation of this hilarious historical anecdote of a prominent young man of Bassano, not mentioned with one of the Whiskers that should be formed, the members of which have agreed to forgo the privilege and pleasure of a shave until the day of Christmas.

An epidemic of mally getting muttonchops is therefore on the lookout of breaking out all over town, and the health officer is hereby made to be on his guard. It is actually intended to forgo the privilege and pleasure of a shave until the day of Christmas.

IN THE BALANCE

By L. G. MOBERLY

Author of "The Girl Who Came to Stay" and "The Girl Who Came to Stay"

WARD, LEON & CO. LIMITED
LONDON, ENGLAND AND TORONTO

Continued.

I would rather have the same faith-Dorothy who sits to me regularly after a preference to the warm blanket, he said: you are the same Dorothy now as then. You don't change.

No—I don't think I change. She spoke slowly, her voice coming and going, and she did not think her sentence, her eyes left her husband's face, and turned toward the summer sunset without a word. I am glad to see you when you come to me, she exclaimed, smiling, turning back to him, if I were all the time over again, I would do exactly as I did now.

Silence fell between them after her impetuous words. She was silent for a little while, but it did not look as if he were silent, but it seemed as though they were forced from his lips.

Dorothy, he said, I don't want you to answer me if you would rather not. He was silent for a moment, but it seemed as though they were forced from his lips.

Since all this trouble or silence, our marriage is not very quiet. I do not in the least mind answering you, Miles, I have a perfect right to ask. Yes, I have seen you only once. The other time I had an accidental one and I told him I did not know him.

Although her voice was low, she spoke very firmly, and there was no mistaking in her tone the fact that she knew Miles too well to allow him to do anything of which she could be ashamed; the knew that she trusted her with all absolute trust.

I don't think he will have to wait very long now before he comes to his kingdom, her husband answered with a little laugh, all this business has taken it out of me more than I could have believed possible. I didn't know I was such a crack.

Oh! Miles you don't feel worse. I feel—as if some strength had gone out of me. It is ridiculous that I have a reasonable belief in you, but I can't eat; but—perhaps a sick man is not quite a reasonable being, and I've got used to that line, but I don't think only a sick man, but a dying man.

Don't she said under her breath, and Miles looked at her with a tender smile.

Don't she said under her breath, and Miles looked at her with a tender smile.

Hands AND Cold Sores

Are your hands chapped, cracked or sore? Have you "cold sores" which open and bleed when the skin is drawn tight? Have you a cold sore, from bit, chills, or a "raw" place, which at first makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the most damaged skin. Against the sore places at night, Zam-Buk's rich healing ointment will sink into the wounds, and the amazing, and will best quickly.

Mrs. Yellin, of Portland, says: "My hands were so sore and cracked that it was agony to put them on my face. When I did so they would smart and burn as if I had scalded them. I cannot give you relief from anything but on them until I had used Zam-Buk and it succeeded when all else had failed. It closed the cracks, gave me ease, cooled the inflammation, and in a very short time healed my hands."

For more testimonials, see back of box. Write to: Zam-Buk Co., 1111 Broadway, New York, N.Y.

Excursions to Eastern Canada, Via Canadian Northern Railway

Christmas fast approaches, bringing home and the wish to be with them once again, to share in their Yuletide celebrations. It may have been out that year alone returned, but still the magnetic influence of the old country lures him, and he is not at all loath to hear at making this felt in a way that will not be suppressed.

Every Opportunity

Whether it be a trip to the East, South or any other portion of the globe, every opportunity is at hand and open to all. As the weeks roll by new lines are being opened up all through the West. Settlers living in towns, situated in isolated districts, have the opportunity of railroad development, suddenly aware and find within their grasp the transportation facilities, for which in many instances, they have been waiting for years. The golden opportunity has arrived.

Today the Canadian Northern announces its twenty-second annual reduced excursion rates to the West. Tickets to be on sale from Dec. 1, 1921 and good for return for three months. Extension privileges will be allowed at the end of the period if required, and stopovers are permitted at most points on route.

For the benefit of extraordinary cheap rates, the Canadian Northern is able to add another attraction to the intending traveler in the way of a course of routes. These are as follows: Through Winnipeg to Port Arthur—by way of the Duluth and Superior—lastly via St. Paul and Chicago. To the old sea route, the Canadian Northern will appear the most fascinating. To those intending in this way, it is most interesting to know there is no trouble to be expected with the United States Customs, as baggage is sent through with Canadian mail.

The Canadian Northern is also offering a considerably lower rate to the United States and Europe, which will give a great advantage to those taking the ordinary fare. Tickets are good for five months' limit and will be on sale from Nov. 1.

The company has a great reputation for its dining car service, working on the plan of pay only for what is ordered, and has recently received a number of new dining cars. The Canadian Northern also announces very low excursion rates for the month of December to the Central States, to such points as Duluth, St. Paul, Chicago, St. Louis, St. Paul, and Omaha, so that many of our traveling businessmen and the States will have the opportunity of spending Christmas and three months at the same time.

ORIGINS OF OUR BUSINESS

SO DREADFUL WAS THE SUFFERING FROM ITCHING PILLS

After Twenty Years of Pile Torture Relief and Cure Came From

DR. CHASE'S OINTMENT

You take no risk and you make no expenditure when you use Dr. Chase's Ointment for piles. Many doctors still cling to the idea that nothing but operation will cure a cure. But operations are expensive and dangerous and often fail in their results. Some have been cured by Dr. Chase's Ointment after operation.

Dr. Chase's Ointment truly has a wonderful record as a cure for piles and all kinds of skin diseases. Here is a case which was reported recently:

Mrs. John P. Marshall, 14 Barnes Road, St. John's, Nfld., was troubled terribly with itching piles; at last so bad that it was obliged to lay up, unable to attend to business.

"I tried many treatments with no benefit, until I accidentally read of Dr. Chase's Ointment, and found at last a cure by using this ointment. I only used one box and part of a second one and I was completely cured, and have had no return of the piles."

This was a typical case, and needless to say, I attribute this cure to Dr. Chase's valuable Ointment."

Many sufferers from piles have tried so many courses of treatment that they cannot believe that cure is possible. In order to convince the skeptical we are always willing to send a sample box free to anyone who encloses a two-cent stamp to pay postage.

Dr. Chase's Ointment, one box, at all dealers or Edmondson, Bates & Co., Limited, Toronto.

Guess—Well, supposing she did throw you over because you lost your money—there are so good old in the sea as ever came out of it.

Checks—No, but that's small comfort for a fellow who has lost his bait.

Minerva's Liniment Cures Diptheria

Financially Foolish

First Official Member—What do you think of the new preacher we tried out yesterday?

Second Official Member—Well, we never lift the debt with him on the job. Why yesterday, when there were three clergymen present, he had them sing: 'I'm Glad Salvation's Free, while the collection was being made.'

Practical Politics

Whom have you stated for postmaster at Plunkville, inquired the old senator.

Whomst, answered the young congressman.

Why whomst?

Because his grandfather fell at Lady's Lane.

My boy, you'll never make a politician of that rate. You give that to Diogenes. His grandfather is still voting.

Pills for Women

San Antonio (Texas)—In the midst of the greatest and most important women of this city, leaders in society, philanthropists, and all sorts of public life, have petitioned the mayor and city council to have the Pink Pills for Pale People placed on the San Antonio police force.

The petitioners not only demand that women be numbered among the police, but they also have obtained from the mayor the proposed new police force.

In setting forth their reasons for a women police, the petitioners declare such a departure in police force is necessary in the interest of public morals and for the prevention of crime against the youth of both sexes.

The signers of the petition further aver that the demand is made after a careful study of existing conditions and observations of the necessity of women on the force.

Although the names of only six of the foremost women of San Antonio appear on the petition sent to the mayor and city council, the women themselves may they could get 10,000 signatures if necessary.

WHEN BABY IS ILL

When baby is ill—when he is troubled with constipation, colic, worms or cold; when his teeth are teething and when he is restless and cross and does not sleep well, when he is sick and when he is ill, the mother's greatest aid is in keeping him comfortable and happy. Mothers give their babies the best medicine because they know the "Baby" is the best medicine. They are guaranteed by a government analyst.

Another Verdict on New York

Soon after George Ade had put on his play "The Bad Samaritan," and had it swept off the boards by the condemnation of the critics and the disapproval of the theatre-going public, he buried himself into a sleeping car and sent his old father to his home in Indiana. As he stepped off the train, one of his old friends remarked: "George, I hear that your play failed."

Yes, said Ade pleasantly, it failed, and I guess it must have been pretty bad. That may be true, said the farmer, but the understanding is that it is a thunder New York ever found it out.

A Periodical Tippler

A doctor's patient in Ecuador Springs the other day was answering a letter full of queries prior to the doctor's return. The doctor's patient asked the doctor: "Are you ready, or a periodical drinker?" asked the doctor.

Periodical, was the reply. The poor fellow studied a moment before he might answer correctly, and replied: "About twenty minutes."

Well Trained

His (sister)—What! More money? When I find you'll probably have to beg for all the money you get.

Wife (calmly)—Well, I'll be better off than some women who never had any practice.

The Proven Asthma Remedy

Since asthma existed there has been no lack of much heralded remedies, but they have proved short lived and useless. The first remedy is the only one that has been proved to be effective. It is the only one that has been proved to be effective. It is the only one that has been proved to be effective.

Short of breath and angry with the motorist emerged from beneath his car and the helpful friend, who was new to the car, was led to the motorist. The motorist was led to the motorist. The motorist was led to the motorist.

What are you trying to do? asked the officer of the law. Why, said the leader of the procession, I'm trying to lead him gently but quickly to the police station and showed him how to make a hole in his bank account.

A Misplaced "M"

Mrs. La Pollette, wife of Senator Robert M. La Pollette of Wisconsin, tells of a country newspaper which in reporting the speech of her celebrated husband, intended to add a comment. "And the mayor believed him," said instead. "And then some believed him."

Speaking of that fish you caught. What about it? I notice you modify its size to your various listeners.

I'll never tell a man more than I think he'll believe.

Senator Bush is one of the sanest of our Republican Progressives in the Senate. He is a man of great legal ability and loves a legal argument. Also, he is one of the great debaters in the Senate and one of the few who are not afraid of a hard fight.
